

# FALL 2014: Ovid Main Street Re-visioning

## **Client: STEPS (Seneca Towns Engaging People in Solutions)**

*“We need expertise that will help residents envision what the neighborhood could look like and develop plans that may be able to be implemented in future years of the grant.”*

*“Although project(s) need to be determined by working with community residents, there is an identified need for streetscape plans for the villages of Ovid, Lodi, and Interlaken as well as ideas for the vacant corner in downtown Ovid where a fire destroyed several buildings.”*
